The MTFP identifies right-of-way needs and proposes roadway alignments within the city limits of Houston and its Extraterritorial Jurisdiction (ETJ). The MTFP does not initiate the timing of right-of-way acquisition or construction activities related to the roadways.

Information on each proposed amendment will be available for public review at an **open house to be held on Thursday, June 25, 2015 from 5:30 p.m. to 7:30 p.m. at the United Way Community Resource Center, 50 Waugh Drive, Houston, Texas, 77007.** The applicants and Planning and Development Department (P&D) personnel will be available at the open house to answer questions.

In addition to comments made at the Public Hearing, **comments submitted by July 3, 2015, using the online comment form** available on the website listed below, will be taken into account by the Planning Commission before making a decision on amendment requests. Additionally, the Commission will weigh information provided by P&D and other government transportation agencies in the Houston region. Four weeks after the public hearing, on August 13, 2015, staff will present recommendations to the Planning Commission. The Planning Commission will vote on each amendment and forward its recommendations to City Council by September 1, 2015. 2015 Major Thoroughfare and Freeway Plan (MTFP) Amendments

Frequently Asked Questions

Q What is a Major Thoroughfare and Freeway Plan (MTFP) Amendment?

A The City of Houston's MTFP was first adopted by City Council in 1942. It is a long range plan that provides for a system of thoroughfares and collectors to support overall mobility. It does not deal with timing of right-of-way acquisition or road construction. The Plan is updated through an annual amendment process. Amendments generally delete, add or modify a portion of a planned Thoroughfare or Collector. Streets such as Hillcroft Avenue, Kirby Drive, and FM 2100 are examples of planned Major Thoroughfares that have matured over the years. The Plan will continue to be modified in order to meet Houston's growing transportation needs.

Q What is an alternative?

A When the City receives an application to amend the MTFP, staff evaluates the proposed request and studies the adjoining area's major roadway network. The Planning Department (P&D) may identify and evaluate other options in the area, other than the one submitted by the applicant. Such options will be presented as alternatives at the Open House so that all interested parties are aware of options being considered by P&D and Planning Commission.

Q I received a letter from the City. Why? What does this have to do with me?

A If you have received a notice in the mail from the City, it means that our records show you own property that may be impacted by a proposed amendment to the MTFP. Please read the enclosed report to learn more about the proposed amendment that may specifically impact you and your property.

Q My property is located in the County, not within the City limits. Why is the City dealing with issues in the County?

A The MTFP covers not just the major road network within the City limits, but also within the City's Extra Territorial Jurisdiction (ETJ). This allows transportation needs to be addressed on a regional basis.

Q I am concerned about a proposed amendment. What can I do?

Also, you can learn more about what will happen at the public hearing and how you can best express your concerns to the Planning Commission.

Q What is going to happen at the Public Hearing on July 31? (*see map on reverse*)

A The Planning Commission holds a Public Hearing to provide an opportunity for concerned citizens to make their views known publicly. Comments submitted by July 3, using the online comment form on the website (refer to instructions above to locate the link on the website), will also be taken into account by the Planning Commission in making a decision on amendment requests. Additionally, the Commission will weigh information provided by the P&D staff and other government agencies concerned about transportation in our region.

Q Who decides what to do?

A Four weeks after the Public Hearing, P&D will present its recommendations to the Planning Commission. The Planning Commission will vote on each amendment and forward its recommendations to City Council by September 1, 2015. Once an ordinance for the amendments has been adopted by City Council, a new MTFP will be published by the City and made available as a reference to other agencies and the public throughout the year.

PRELIMINARY REPORT

2015: E9 – *Jack Road*

APPLICANT: Harris County Engineering Department

KEY MAP: 365

JURISDICTION: Harris County

LAMBERT: 4366

DISTRICT/PRECINCT:

Harris County Pct.: 3

PROPOSAL:

Harris County is requesting the deletion of Major Thoroughfare Jack Road, between Peek Road and Mason Road, from the Major Thoroughfare and Freeway Plan (MTFP). The Major Thoroughfare is currently classified with 4 lanes and a 100-foot right-of-way (T-4-100).

APPLICANT'S JUSTIFICATION and HISTORY:

The applicant contends that this amendment should be considered because the completion of the Grand Parkway Segment E in 2013 did not provide for frontage roads or an overpass at this location. This would result in a dead end road on either side of the Grand Parkway. Therefore, a Major Thoroughfare for a one mile segment on either side of the Grand Parkway is not practical at this location.

Jack Road crosses the 100-year floodplain and the Cypress Creek floodway between Peek Road and the Grand Parkway. The applicant states that it is unlikely that development will occur between these limits because of the permitting requirements for development and high flood insurance rates in a 100-year floodplain. Adequate circulation will be maintained by parallel roadways because there is a planned interchange at Bridgelands Lake Parkway as well as existing overpasses at Louetta Road and Mound Road at the Grand Parkway.

A road and public right-of-way (ROW) does not exist for this segment on the MTFP.

The applicant also states that if no action is taken on this amendment, it is unlikely that any development will occur on Jack Road on the east or west side of the Grand Parkway being that ROW dedication would be required for a road which goes to nowhere in a floodplain.

Jack Road first appeared on the MTFP in 1972 as an extension of Spring-Cypress Road that terminated at Hempstead Hwy. In 1997, the limits of Jack Road changed, which created a gap in the corridor between Mason and Westgreen Road. Jack Road began at Mason Road westward to the Waller County line which is current on today's MTFP.
